About Simply Silhouettes

Simply Silhouettes is a collection of custom designed silhouette products created by husband and wife team, Patrick and Angela Flynn. Destined to become heirlooms, family and pet silhouette portraits are created with classic styling, handcrafted warmth and not least, a touch of elegant whimsy. Simply Silhouettes gives the classic craft a modern twist by offering various products to be adorned with the custom designed silhouettes including clothing, stationery sets, paperweights, tote bags, canvases and even wrapping paper.

Simply Silhouettes' products make unique and meaningful gifts and are beautifully decorative anywhere from nursery to living room—even a teen's bedroom. In addition to the classic black silhouettes, the Flynn's provide opportunity to customize most pieces with a variety of design options, mixing and matching colors and styles to reflect a personal look. Silhouettes can be coordinated with the décor of a room, and customized with choice of layout, size and text. Collaboration with interior decorators is welcomed.

With child portraiture making a huge comeback, the artists draw inspiration from an ongoing love of design combined with firsthand experience as parents. Their purpose is to preserve the priceless moments of childhood for other families.

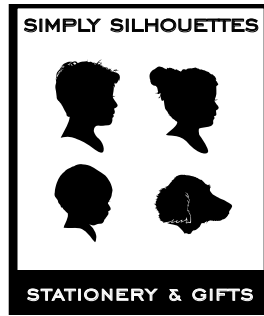

The Design Process

Simply Silhouettes is a pioneer in the digital creation of silhouette portraits, enabling the artists to capture a higher level of detail than the traditional method and making an old fashioned craft modern. The result is a more accurate and honest reflection of the subject's personality and unique characteristics. Each silhouette is carefully produced in the design studio and assembled with archival quality ink and paper. With each piece truly custom made, Owner Angela Flynn says, "we work from digital or standard photographs capturing unusual detail and amazing individual likeness never possible previously."

Simply Silhouettes offers free color proofs within 48-72 hours for customer approval prior to producing the finished piece. Nothing is pre-printed until it is ordered.

Retail Partners

Simply Silhouettes products are offered online at www.simplysilhouettes.com and will be available at specialty retailers across the country. Gift certificates are available and may be emailed to name and address of givers choice or printed out for mailing.

Testimonials

We LOVE them! They are exact likenesses and it is fun to see the profile differences between them. *Erica J.*

Our silhouette arrived and it perfect!!! You do such great work. I absolutely love the little hairs on his head - it couldn't look more like him. They are truly the best gift. I always want to remember my son's sweet little profile and thanks to you, I will be able to. *Lara D.*

The silhouettes of the boys arrived today. That is the most perfect and delightful gift ever. They will become more precious with each year that passes. Just cannot thank you enough. Thank you, thank you! I still get tears in my eyes each time I pass by them. We are looking forward to a fourth silhouette this coming summer, so for sure, you will be hearing more from us. We really appreciate your good work. *Sandy J.*
